

The IMPACT Project
SRI VENKATESWARA COLLEGE

PROJECT PROPOSAL

2025-2026

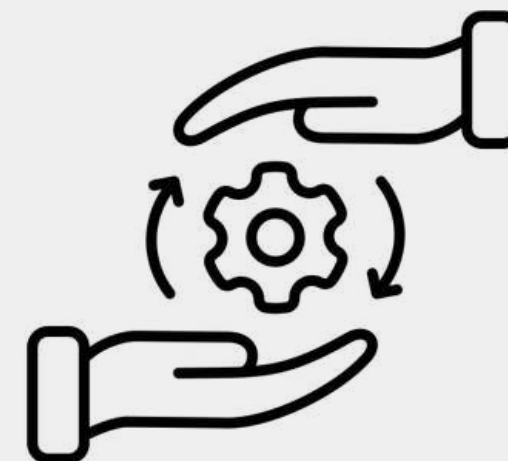

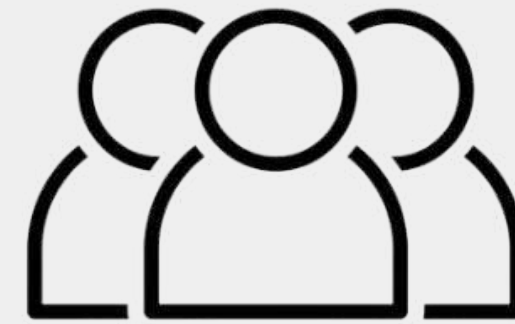

About The IMPACT Project

The IMPACT Project (Implementing Peace Action Change Together) is a student-led consulting initiative united by a vision for meaningful change. We offer strategic, inclusive, pro-bono consulting to startups, nonprofits, and social entrepreneurs globally.

Born from a spontaneous idea and countless brainstorming hours, our mission is to help organizations maximize social impact through sustainable, innovative solutions. What began as a spark has become a network of changemakers driving entrepreneurial action.

Founded by students from Shri Ram College of Commerce (SRCC), our team brings together diverse academic backgrounds and is guided by an Advisory Board of professionals. Together, we build impactful models that transform communities.

At IMPACT, we believe big change starts small with ideas, conversations, and the courage to begin.

About The IMPACT Project, SVC

The IMPACT Project, SVC is a dynamic platform for aspiring consultants and impact leaders dedicated to solving real-world issues and advancing nation-building. Founded in 2021 at Sri Venkateswara College, it is led by passionate students committed to driving meaningful social change.

We offer pro-bono consulting to nonprofits, startups, and social enterprises with limited resources—helping them tackle challenges, meet goals, and create lasting impact.

We believe in the power of individuals to spark change. Supporting others is central to both personal and societal growth. Our work uplifts clients and student consultants alike, nurturing leadership, learning, and responsibility.

Mentored by experts and driven by youth, we work toward a better, more equitable future for all.

PROJECT 1

CHEFLING

ABOUT THE CLIENT

Chefling is an emerging Indian food-tech startup dedicated to democratizing global cuisines through innovative DIY meal kits. The brand gained national recognition after securing **₹40 lakhs** for **10% equity** on **Shark Tank India Season 3**. Riding the wave of Korean cultural popularity and rising demand for convenient international food, Chefling is now set to enter the fast-growing instant ramen market.

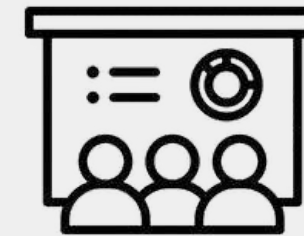

OUR APPROACH

- **Market Research:** Mapped market size, consumer behavior, and competitor benchmarks (e.g., Samyang, Master Chow)
- **Segmentation:** Identified key customer segments based on price sensitivity and flavor preferences
- **Marketing Roadmap:** Designed a 3-phase strategy using community building, influencers, and experiential marketing
- **Distribution & UX:** Proposed an online-to-offline model and highlighted UX friction points in DIY onboarding

IMPACT CREATED

Estimated 7% increase in conversion rate with revised onboarding and UI.

Lowered CAC through cohort-based audience targeting.

Visual GTM assets including segmentation charts and campaign briefs to drive executional clarity

12% higher CTR through optimized push notification campaigns.

PROJECT 2

KETTO

ABOUT THE CLIENT

Ketto is an Indian **crowdfunding platform** launched in 2012 to help individuals and organizations **raise funds for medical needs, education, social causes, and emergencies**. With a zero-platform-fee model, it has raised millions through domestic and international donors. Campaigns are easy to launch and share, gaining reach via social media and celebrity support. Ketto is one of India's most trusted platforms for fundraising up till date.

OUR APPROACH

- **Primary Research:** Deployed surveys to assess user preferences, trust factors, and willingness to pay.
- **Audience Mapping:** Mapped pricing sensitivity and affordability gaps across demographics.
- **Marketing Strategy:** Created influencer-driven and content-led marketing frameworks to build credibility.
- **Data Interpretation:** Proposed tiered product models and gender-personalized offerings based on attitudinal data.
- **Recommendations:** Extended insights used to recommend a phased entry into skincare using learnings from the GLP-1 pilot.

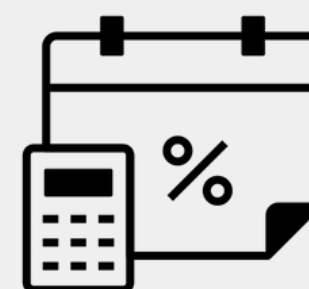

IMPACT CREATED

46% of users preferred pricing under ₹5,000, suggesting an affordable entry model

60% discovered **GLP-1** via social media, validating an influencer-first marketing approach

30% resistance in high-weight-loss goal segments directed to **EMI/trial model** to overcome trust and price barriers

41% of women favored holistic solutions, enabling **gender-based** customization for higher conversion
